UNITED GUN OIL

(Lubricating Oil with Weather Protection)

Product Data Sheet

Product Description:

United Gun Oil is a Two in One Gun Preservation and Cleaning oil. **United Gun Oil** is made up of a light Solvent and Highly Refined Base Oil. **United Gun Oil** penetrates through heavy carbon build up for convenient cleaning. **United Gun Oil** will leave a micro-film of protection that will prevent corrosion while in storage.

United Gun Oil is non-staining, and contains film formers and anti-oxidants for additional protection towards areas of heavy wear, nicks and scratches.

Outstanding Qualities:

1. Dries Smooth and Non-Tacky
Disperses in a thin coat across the entire surface of the bore and is pulled deep into the pores of the metal.
3. High protection against wear, humidity and moisture, including saltwater
4. Combines high-quality synthetic oils and United Oil Company additives
5. Low-friction coefficient technology is resistant to evaporation, separation and gumming
6. Great for long-term storage
7. High quality rust preventative non-staining oil.

Technical Information:

Appearance	Amber liquid
Viscosity @ 100 °F	40-50
Flash Point, COC °F	225
MIL-C-22235	Type A Ready Mix
