UNITED RP 4WD

Product Data Sheet

Product Description:

United RP 4WD is an outstanding effective water displacing, non-staining rust preventative which will not emulsify even in the presence of Alkali and will quickly separate water it displaces from metal surfaces. Polar compounds prevent corrosion due to water from condensation. It contains polar compounds which have an affinity to metals.

Outstanding Qualities:

Polar compounds prevent corrosion due to condensation and it has a maximum flash of about 145 degrees.

It contains polar compounds which have an affinity to metals.

It is not messy to handle and will not bleed through wrapping boxes

It may be applied by brushing, dipping, or spraying.

Technical Information:

APPEARANCE	CLEAR LIQUID
SPECIFIC GRAVITY @25°C	0.810
FLASH POINT COC	145 F
VISCOSITY @ 100 F	2.8 cSt
POUR POINT	-18 C
API	44.69
